

COMPANY REFUSES TO ARBITRATE

Strikers are Given the Chance to Return to Work Today

UNION BUTTONS BARRED

John Mitchell May Go to Philadel- phia to Look Over Situation— Council Will Act.

Philadelphia, March 1.—In spite of the constantly increasing number of demands by religious bodies and others, that arbitration be resorted to to settle the strike against the Philadelphia Rapid Transit company, officials of that company declared last night that no proposition looking toward arbitration in any form is being considered by the board of directors.

C. O. Kruger, president of the Rapid Transit Company, said last night: "The company will not for a moment consider any proposal to arbitrate, no matter from what source. No influence that can possibly be brought to bear will change this decision."

There were very few disturbances along any of the lines of the company Monday, and an increased number of cars left the various barns. Heavy rain, which fell last night, kept the crowds from the streets and cars were run on all lines until midnight.

Mayor Reburn said that the situation had materially improved during the day and that he was confident that the Rapid Transit Company and the men would get together for an amicable settlement if outsiders would leave well enough alone. The proposal of arbitration, he said, was talked over at the meeting of the Rapid Transit board, but he took no part in the discussion.

Men who report for work Tuesday morning, the mayor said, would be taken back and subjected to no punishment. They must come as individuals, however, and will not be permitted to wear the union button.

"The arguments put forth for arbitration make me weary," asserted the mayor. "Their effect is to hoodwink the men. The last strike was settled by arbitration, and see the result. Men are being sent to prison and lives and property are being endangered and destroyed. Let the men and the company settle their own differences."

The city of Philadelphia's representatives in the Rapid Transit board had fought hard for better working conditions for the car men, added the mayor, and were in a fair way to succeed, when all their plans were spoiled by outside interference.

Councils will meet Thursday, when some course of action to end the strike will be taken. Mayor Reburn, President McCurdy of common council, and President Holzer of the select council, conferred Monday as to what action would be taken, but arrived at no conclusion.

C. O. Pratt, leader of the car men, said Monday afternoon:

"One reason why we deferred the general strike until Saturday was to give the workmen an opportunity to go to their employers and emphasize the necessity for arbitration. If the employers do not see fit to try to bring about a settlement of the matter, then we must assume that they are siding with the faction which is attempting to crush organized labor and that their agreements with their workmen are no longer binding."

It is reported here that the National Civic Federation will endeavor to settle the railway strike and that John Mitchell is coming here to look over the situation.

FIRE DESTROYS Y. M. C. A. BUILDING

Schenectady, N. Y., March 1.—The Railroad Y. M. C. A. at Rotterdam Junction, near here, was destroyed by fire today. At least one man was burned to death and several others are reported perished in the flames.

SUSTENANCE WAS GARBAGE

Boston, Mass., March 1.—A story of abject poverty, such as never before developed in this section, reached here today from Burlington, Vt., shortly after Mrs. Emory Leavitt and Mrs. Mattie Sipples, two aged sisters, had been committed to the Vermont insane asylum.

years of age, and three small children have been living for three years on garbage collected by the children for the supposed purpose of feeding it to hogs.

The farmhouse on the outskirts of the town presented a shocking spectacle. The filth upon which the women subsisted is said to be the cause of their insanity.

The children and the aged man will be given aid. The town authorities say the women were too proud to appeal for aid. Both at one time were comfortably situated and dreaded the idea of becoming paupers.

The house itself presented a most revolting scene of squalor and disorder. Most of the furniture had been broken up, apparently for use as fuel.

The three children and the two women slept on two beds in the kitchen, while the aged man occupied a small room leading off the kitchen.

A faithful old dog was the last surviving animal on the farm, the others having starved to death.

DEAN BILL IS REPORTED TO SENATE

Columbus, March 1.—The Municipal committee of the senate today decided to report the Dean local option bill for cities to the senate for recommendation for passage. Only one member of the committee, Senator Lawyer, voted against the recommendation. The bill was reported to the senate late this afternoon.

Senator Williams this afternoon introduced the resolution to submit to a vote of the people at the next regular election the question of amending the constitution so as to confer the right of initiative and referendum on the people.

Twelve additional indictments against Mark Slater, former state printer, were returned by the Franklin county grand jury today. Slater came from Dayton and was present with his attorneys, Mattern and Brumbaugh, of Dayton, when the jury reported. The court fixed a blanket bond of \$10,000 to cover the new indictments and gave Slater until this afternoon to raise it.

Slater's attorneys announced in court this afternoon that he would be able to furnish the \$10,000 bond at 1 o'clock today.

THREE KILLED IN COLLISION

Galesburg, Ill., March 1.—Three persons were killed and 15 injured here today when two interurban cars met in a head-on collision. One of the cars was completely wrecked.

PROPOSED PEARY INVESTIGATORS WELL QUALIFIED FOR WORK

Washington, March 1.—Three American men whose names in the Arctic and Antarctic regions are well known, and who are well qualified for the work, have been selected by the House subcommittee of naval affairs to investigate the validity of Commander Robert E. Peary's claim to have reached the North pole April 8, 1909. They are Rear Admirals Winfield S. Schley and George W. Melville and Major General Adolphus W. Greely, all retired. The first named is known to the public for his part in the Spanish war, but he won renown in 1884 for Arctic exploration work. He commanded the expedition which rescued Lieut. Greely and six survivors of his expedition at Cape Sabine, Lieut. Greely now making general retrials of the expedition, in degrees of minutes before he was compelled to abandon his hunt for the pole. And await the rescue which reached him in the Schley expedition. Rear Admiral Melville made three Arctic voyages, in one of which he recovered the records of the Jeannette expedition. By special act of Congress he received a gold medal and was advanced fifteen numbers in rank in the navy for bravery in the Arctic regions.

St. Louis, March 1.—Six heavy earthquake shocks were recorded Monday afternoon and night by the seismograph at St. Louis University, and Father Goesse, in charge of the instrument, makes a great upheaval of the earth's crust is in progress in some part of the globe.

Five shocks were recorded between 2 and 3 o'clock Monday afternoon, and the sixth shock, the most severe of all, was recorded at 7:40 o'clock. Last night's shock lasted a minute and a half, the instrument showing a vibration of four millimeters.

"The vibrations were long and slow," Father Goesse says, "and I would classify them as preparatory. Other heavier shocks at great distance from this city may be expected within the next 24 hours. I am unable to determine the center of the shocks, but I believe they originated hundreds of miles to the southwest."

Cleveland, March 1.—Earthquake tremors, lasting over an hour, were recorded here yesterday afternoon by the seismograph at St. Ignace Observatory. Rev. Frederick Odensbach stated that the tremors evidently came from a long distance, but that he would not be able to locate them until he could make calculations today.

Chicago, March 1.—Jilted by the girl he hoped to marry, Frank Marsh, said to have been a member of a prominent family at Dillonville, O., shot and fatally wounded Miss Grace Hall, in an apartment house here today, and then committed suicide.

RESCUING VICTIMS OF AVALANCHE

Men and Boys Work Frantically All Night Long

24 BODIES RECOVERED

Impossible to State at Present Time How Many Lives Have Been Lost.

Wallace, Idaho, March 1.—One thousand men and boys, with huge bonfires built from the debris of the wrecked cottages, worked frantically all last night at Mace, Burke and Murray, trying to rescue the victims of the avalanche.

Early today 4 bodies had been recovered and the work was being pressed with the utmost vigor. It is very perilous, as is shown by the tombing of rescue parties at both Mace and Burke. The worst disaster to rescuers occurred at Burke. David Shepard, Dick Richot, Wm. Painter and James Rogers were overwhelmed at this point. They were among the first of the rescuers to reach Mace and were working there when the report came that Burke had been hit by a slide. They headed the first volunteer party that went there and were assisting a number of women out of a wrecked house at the bottom of the slide when the avalanche started again and they were caught under the timbers and killed.

Bert Clement, of the Hecla mine, was one of the heroes at Burke. He was in the shaft house of the mine when he heard the slide far above and rushed into the village, awakening the sleeping people. Many needed the warning and reached the side hills and safety. Among the known dead are Guards Berglund, John Holl and Eric Holm, who were crushed while trying to give the alarm in the lower section of the village.

All of the small mining towns in the canyon have suffered from slides which followed the warm wind for the past week. At Murray, a small place 22 miles north of Wallace, a slide carried away all of the surface plant of the Paragon mine and caused damage of \$5000. Other points report similar occurrences.

It is impossible to say just how many were killed, as it will be several days before the slides can be cleared away.

Proffers of assistance are being received by both mail and telegraph, one offer coming from the Chamber of Commerce at Spokane, but all have been declined. The property damage, aside from the demolition of mine structures, is comparatively small, and the communities affected have been enjoying unusual prosperity and they are able to care for their own people. A serious disaster was narrowly averted at Mullen late last night. Many refugees had been taken to the opera house there for shelter from a blizzard that has raged for 24 hours. While they were being placed in the building the entire structure collapsed. Fortunately it gave way slowly and all inside managed to make their way to the street before the collapse came.

KHARTUM READY TO WELCOME COL. ROOSEVELT AND HIS PARTY

Khartoum, Egypt, March 1.—This city has outdone itself in its preparations to welcome Theodore Roosevelt, for president of the United States and present mighty hunter, returning from a highly successful expedition. Ever since Colonel Roosevelt arrived at Gondokoro, on the upper Nile, Khartoum has been looking forward to his arrival at this place, the capital of the British Sudan and the city in and around which much Egyptian history has been made. While here Colonel Roosevelt will be a guest at the palace of the governor, the place chosen by Mrs. Roosevelt for her welcome to her husband and son. The stridar, or commander of the Egyptian army, General Sir Francis Reginald Wingate, who is also governor general of the Sudan, sent his own launch to Gondokoro to take Colonel Roosevelt and his party from that place to Khartoum.

EXPECT TO BREAK RECORDS

Solid Day's Bowling in American Bowling Con- gress at Detroit

CHAMPIONS ARE PRESENT

Many Good Scores Being Made in Team Work and Doubles.

Detroit, Mich., March 1.—With today's bowling card given over to solid bowling from 9:30 this morning until late tonight in the American Bowling Congress tournament, some of the tournament records set yesterday are expected to fall.

At 11 o'clock this morning Al and Tony Schwoegler of Madison, Wis., world's champions in the two-man event, are scheduled to take the playoffs. Their record last year was 1394 and all reports are that their form is just as good this year as last.

In all 32 double teams are scheduled to roll today, with sixty individuals late this afternoon and 14 two-man teams tonight.

The high scores of yesterday's bowling was posted by the Columbus of Madison, Wis., with 2,503. This upset the Madison dope where the Kandy Kids were thought winners. Nowat and E. Johnson of Detroit took the honors with a total of 1,180, while Otto Wahl of Cleveland took the lead in the individuals. Wahl upset 635 pins in his three games, as follows: 191, 185, 257, an average of 211.

Greater interest is being shown in the tournament as it proceeds, scores of rooters with noise-making devices attending to watch such famous teams as the Kandy Kids, Columbus, Madison, Ribbons, and Senators.

The standing of the ten high scores in the various events is as follows:

ICE GORGE HAS BROKEN

Port Deposit, Md., March 1.—The immense ice gorge that has blocked the Susquehanna river and McCall's Ferry for three weeks has broken and vast quantities of ice backed by a wall of water 20 feet high are now rushing in a mad torrent down the river toward this city. The news caused a panic among the people here. The Susquehanna and the surrounding territory are hidden beneath a dense fog. A heavy property loss is anticipated, but the people will have time to escape to the hills.

BATTLE OVER CATTLE DEAD

Huntington, W. Va., March 1.—News reached here Tuesday of a battle on the Tug River near Kernott, between the Cooks and the McCall's. Five persons are reported dangerously injured, one of whom is Mrs. Thomas Radcliff. The trouble was caused over a cattle deal. The names of the injured, owing to the nature of the battle, have not yet been learned.

DISTILLERY DYNAMITED

Litchfield, Ky., March 1.—The distillery recently owned by Charles Meredith at Bee Springs in Edmonson county was destroyed by dynamite last night. Meredith had been warned not to operate and had sold the plant to L. L. Wilson. An attempt to burn it did not succeed and then dynamite was used.

SETTLEMENT

Of Wage Scale Between Operators and B. & O. Railroad Has Been Amicably Reached.

Baltimore, Md., March 1.—It was officially announced this afternoon that the conference between the telegraphers committee and officials of the B. & O. railroad regarding a wage scale had been concluded and that an amicable settlement satisfactory to both sides had been reached. The operators ask for a 10 per cent increase in salary.

NARROW ESCAPE FROM DROWNING

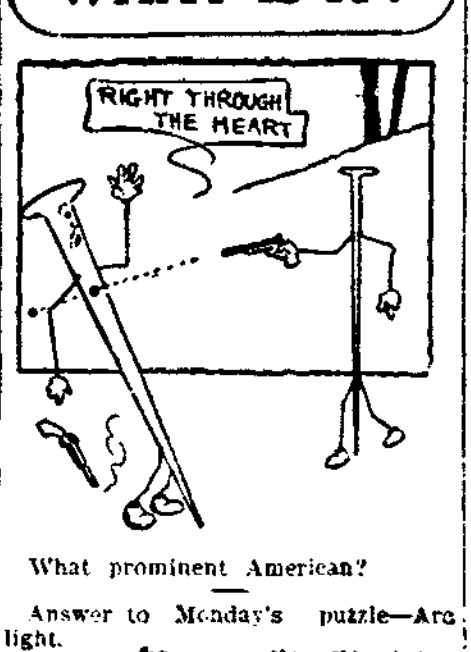

Springfield, March 1.—Mrs. Wm. Evans and two sons of New Carlisle, had a miraculous escape from drowning yesterday afternoon. While driving along the Miami river the horse plunged into the water. The occupants first climbed on top of the buggy and then jumped to a floating cake of ice, which finally lodged in some underbrush. Their cries attracted William Heidmiller, who rescued them.

WOMEN COPS FOR INDIANAPOLIS

Indianapolis, Ind., March 1.—Mayor Shank announced Monday that he will have women appointed to the police force of Indianapolis. The mayor's plan is to place women on beats in the down town districts, with a view of clearing the streets of objectionable characters. The scheme will be submitted to the board of public safety, he says.

Mayor Shank recently adopted the novel method of compelling saloonkeepers to attend church as punishment for law violation.

NECESSITY OF A STANDARD FOR DISINFECTANTS

There is probably no science today, which exercises more beneficent influence, or is of more vital importance to humanity than the Science of Bacteriology. Until recent years, there was no knowledge of germ life, beyond vague conjectures. Today, bacteriological research has discovered the germ of most of the contagious diseases, and after unlimited experiment, means have been discovered in most cases, to combat the progress of disease germs after inoculation in the human system. Coincidentally, the same experiments have developed more or less effective processes of eliminating germ life from rooms and minimizing the possibility of disease.

The application of chemical factors to kill germs, is broadly termed disinfection. Pasteur, the noted French bacteriologist, has stated that it is in the power of man to wipe out, absolutely, all contagious diseases. This would be accomplished by isolating all patients until the disease is subdued, beyond the possibilities of contagion, and the disinfection of rooms, enclosed spaces of all sorts, everywhere.

Of course, the absolute elimination of disease germs from the world, would take an indefinitely great length of time, but disease germs survive in a number of ways after the patient has been cured. For example, they have been known to exist in a room for many months after the total exit of the sick person has moved out, and to attack members of the family moving in. Only the most consistent thoroughness in the application of disinfectants will be sufficient to accomplish universal elimination of disease germs.

Nevertheless each person can practically ensure immunity in his home by adopting hygienic measures. Keeping the premises thoroughly clean, and by regular use of a proper disinfectant. Boards of Health, everywhere are impressing this fact more and more upon the people in their condemnation of the use of disinfectants in common places.

Regarding the wide sale of worthless goods sold as disinfectants, it is obvious that there should be a legal enactment making it a misdemeanor to manufacture and place upon the market, under the name of disinfectant, any preparation which does not actually kill germs.

The United States has taken steps in the right direction in enacting the Pure Food and Drugs Act. This measure is very beneficial, inasmuch as it minimizes the danger of poisonous ingredients in food stuffs, and checks the manufacture and sale of inferior drugs, which, if not actually deleterious in themselves, work unlimited harm in being of insufficient

strength to effect cures when prescribed.

In this regard, the United States is behind Europe. In Germany, England, France and other countries, public opinion has required all disinfectants to be up to certain standard—to have a certain efficiency, as compared to some disinfectant of acknowledged efficiency.

For example, Carbolic acid is known everywhere to be efficient in killing bacteria. In order to determine the relative strength of any other disinfectant, cultures are taken of certain germs and comparison is made of the length of time which it will take that other disinfectant to kill the germs, as against the time that Carbolic acid will kill it under same conditions. Thus a disinfectant weakened by dilution 5 times, which will kill a certain culture of Typhoid (Typhoid germs) in the same time that pure Carbolic Acid will kill it, under identical conditions, will be standardized as having a Carbolic Acid coefficient of 5.

Some agitation has lately occurred among legislators over the necessity of weeding out the fake preparations, purporting to be disinfectants. An act, compelling disinfectants to have upon their labels statements of Carbolic Acid coefficient, and punishing neglect to make this statement or misrepresentation by fine and imprisonment, would work a great deal of good in protecting the public health. It is hoped that a national act will be passed, providing for such protection. It will be universally beneficial in its effects upon the inhabitants of all states.

WILLIAM GRAY.
William Gray, 82 years of age, died at 6:30 o'clock Monday night at his home in Galloway avenue. His death was due to old age. In 1850 he was married in Fayette county, Pa. to Temperance Brown, and his widow survives him. Six children survive him. They are Frank P., address, of this city, William E., of Columbus, and Darius, of Missouri. One son and two daughters are dead. The funeral will be held Thursday at 10 o'clock from the home. Burial will be made in the Baptist cemetery at Hog Run. Rev. Tibbles, of Helicon, will preach the funeral sermon.

SAMUEL H. NICHOLS.
Samuel H. Nichols was born June 20, 1832, near Thornville, Ohio. In December, 1832, his father, Thomas Nichols, moved to where Newark now is. At that time four or five dwellings, a store and a tannery comprised the place. In the spring of 1833 his father, with his family, moved to Mary Ann township, where he remained until his death in 1890. Samuel lived all his life in Mary Ann township, with the exception of a few years he lived in Eden township, within a mile of his old home. He was married to Margaret Thompson in 1857. She only lived about five years. To this union one son was born, who grew to manhood and then passed away. He was married the second time to Miss Elizabeth Sullivan, Feb. 24, 1865. To this union five daughters were born, all of whom survive to mourn the death of a kind father. The mother passed away to the better world only a few years ago. He united with the U. B. church in 1870. In this denomination he was one of the Bible leaders. In 1906 he came out in the evening light and was baptized by Rev. Hart, then of Newark, Ohio, now of Canada. He became afflicted with progressive paresis of the brain in May, 1909, having what was called a light stroke of paralysis. He gradually became worse until Jan. 6, 1910, he passed peacefully away.

JOHN CUMMINS.
John Cummins was born in Franklin township, Licking county, Ohio, April 3, 1848, and died Feb. 22, 1910, at the age of 61 years, 210 months and 19 days. The deceased was a thrifty farmer, well and favorably known in the community where he spent the greater part of his life. His wife, three children, two brothers and two sisters survive him. He professed faith in Christ and died in peace. The funeral services were conducted by the Rev. John R. Tibbles in the Fairmount church and were attended by a large number of neighbors and friends.

CAROLINE BISHOP.
Coroner Marriott was called to the home of Miss Caroline Bishop, one-half mile east of the Welsh Hills church, Monday, to view the remains of Miss Bishop, who had been found dead in bed. The deceased, who was about 60 years of age, lived with her widowed mother and death was due to paralysis, the first stroke of which was sustained when she was ten years old. She had been a cripple all her life.

BURIAL OF BYRON B. HAMLET.
Monday noon the ashes of Byron B. Hamlet, who passed away and whose remains were cremated at Washington, D. C., arrived in the city and were taken to Cedar Hill cemetery in the afternoon and interred in the Littleport lot. Mr. Hamlet was a brother-in-law of Mrs. Hamlet, who was formerly Miss Belle Baker, of this city.

TIZ FOR SORE FEET

Tired, Aching, Swollen, Smelly, Sweaty Feet? Corns, Calluses, or Bunions? Use TIZ. It's Sure, Quick and Certain.

You Will Enjoy Using TIZ, the Most Pleasant Remedy You Ever Tried and Moreover It Works.

At last here is instant relief and a lasting permanent remedy for sore feet. No more tired feet. No more aching feet. No more swollen, bad smelling, sweaty feet. No more corns. No more bunions. No more calluses, no matter what ails your feet or what under the sun you've tried without getting relief, just use TIZ.

TIZ is totally unlike anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget your feet ever one foot. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct if you wish from Walther, Luther Dodge, & Co., Dodge Building, Chicago, Ill.

Every Woman can have two Servants

Just because woman's mission is "the home," doesn't mean that she should be a slave to housework. Every woman can have two servants—The Gold Dust Twins—to take away the drudgery.

Modernize your home with the use of Gold Dust. Gold Dust is a natural-born enemy of dirt, and is the greatest cleanser and labor-saver in existence. It does its work more quickly, more thoroughly, more economically than any other cleaner. Do not be misled by substitutes which claim all the virtues of Gold Dust. They never "make good". There is no substitute for Gold Dust—it stands without an equal among cleansers.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust has all desirable cleansing qualities in a perfectly harmless and lasting form. The Gold Dust Twins need no outside help.

ACCIDENT IS AVERTED BY POLICE

While standing in front of the Trust building Monday afternoon Officers Burke and Swank caught a runaway team hitched to a cab of the Bolton Transfer line and probably prevented a serious accident. The horses had been left standing on Third street, and frightening at some object, they dashed south on the street, narrowly escaping several rigs and pedestrians.

When nearly to the Trust building the runaways were seen by the policemen, who ran into the street and stopped them, an officer catching a bridle of each horse. The driver, who ran after his team, was soundly lectured for allowing the horses to stand without hitching. The street was crowded at the time and a bad accident might have resulted had it not been for the bravery and presence of mind of the patrolmen.

CRUSADE AGAINST COMIC POST CARDS

Washington, March 1.—Was is to be waged upon souvenir post cards which ridicule the Irish race. Some of the leading Irishmen of the national capital have started the crusade. Efforts will be made to have the postoffice department hold them as unlawful. The Ancient Order of Hibernians will invoke the aid of the government, it is said, in the matter.

There is no special law, according to the postoffice department, forbidding the caricaturing of a race on post cards.

In Woman's Realm

Among the social events of the past week none were more charming or more enjoyable than the masquerade surprise party given on Miss Agnes Burton, at the pleasant home of her parents, Mr. and Mrs. William Burton on Wood's avenue, on Friday evening, February 25, by a number of her school mates. When the party appeared at the home of Miss Burton they came in masks and took complete possession of the house for the time being, to the complete surprise of the young lady in whose honor the affair was given, and for a time she was unable to comprehend what it was all about. She finally recovered from her surprise and then devoted herself assiduously to the task of entertaining her self-invited guests. The evening was very pleasantly spent in games and in having a good social time, which was seasoned with dainty refreshments.

Among those present were Margarette Rohrbaugh, Helen Snelling, Hazel Varner, Leila Davis, Blanche Narrigan, La Vern Semour, Clara Bailey, Gladys Farmer, Freda Burton, Roy Kemp, Lester Kemp, Arthur List, Lester Eastburg, Oscar Juch, Dewey Jones, and John Andrews.

The Social Friends met Tuesday afternoon with a large attendance of the members. This order is reported as increasing its membership very rapidly.

Misses Lois and Florence Heins delightedly entertained on Saturday afternoon with a thimble party honoring Miss Eva Rainey of Cambridge. The afternoon was spent in needle-

work and conversation after which a dainty luncheon was served to the following guests: Misses Eva Rainey, Helen Bell, Hazel and Goldie Cook, Mary Fugate, Hazel Heins, Jeannette Ayers, Alta White, Lois and Florence Heins.

The Monday Talks met this week in the library room of the court house and the following program given.

In Thrums and Drumtochty with J. M. Barrie and Ian McLaren—Mrs. T. A. Cosgrove.

The Castle in the Highlands—Mrs. Albert Rosebraugh.

The president of the club, Mrs. A. B. Crawford, handed in her resignation as in the near future, with her husband, she is going to Kansas to reside.

The next meeting of the club will be held March seventh, when the election of officers will be held.

Mrs. Frank Hirst of West Locust street entertained the Investigators' club on Monday afternoon, and the program was rendered as follows: "Lives of great men all remind us—We can make our lives sublime."—Longfellow.

Roll call—From the Proverbs. Piano Solo—Mrs. Squires.

The Relation of the Bible to Other Literature—Miss Gray, read by Miss Glenn.

Short Talks: Phillips Brooks, Mrs. Steffe, read by Mrs. Tall, Jonathan Edwards, Mrs. Wilson; David Swing, Miss Smoot; Bishop R. S. Foster, Mrs. Givley; Bishop Vincent, Mrs. Nevins.

Piano Solo (Chopin)—Mrs. Leidigh. Current Events—The Club.

Mrs. Hirst's guests were Mesdames Carl Evans, Elizabeth Metz, Celia Hirst, Dennis Bell, Eva Bloomer, M. W. Squires, Carey Ferguson, and Harry Kirkpatrick.

The club will meet on March seventh with Mrs. J. W. Leidigh of Hudson avenue.

PENDLETON—CLARK. Mr. William O. Pendleton and Mrs. Laura Estella Clark, both of Hebron, were married on Saturday, February 26, 1910, at the Methodist Episcopal parsonage in Hebron by the Rev. John R. Tibbles.

The Monday Sewing club was delightfully entertained this week by Mrs. Edward King of North Second street and after a few pleasant hours spent in sewing a dainty reception was served.

Mrs. Chris Hermann of Curtis avenue on Monday delightfully entertained the members of her sewing club and the following guests: Mrs. R. L. Tannehill, Mrs. George Ball Jr., Mrs. W. H. Sedgwick, and Miss Besse Felix.

Miss Mary Gallogly of West Main street entertained a number of friends on Saturday evening with a theatre party out of compliment to her house guest, Miss Irene Apperson of Cumberland, Ohio. The rooms were artistically decorated with yellow and green. Dancing and music were enjoyed throughout the evening. The Misses Mary Devore and Vernice Bragg rendering several beautiful solos.

At six o'clock a five course dinner was served to the Misses Irene Apperson, Vernice Bragg, Ruth Perry, Mary Devore, Mr. and Mrs. H. Gallogly, and the hostesses, who were seated at the table by means of dainty place cards, the work of Mrs. Gallogly. All departed voting Miss Gallogly a delightful entertainer.

Mrs. Alida Scott and Miss Clara Scott of East Church street gave an informal thimble party on Monday afternoon which was followed by the serving of an appetizing collation. The guests were Mrs. Walter Scott, Mrs. H. P. Scott, Mrs. Chandler Tucker, Mrs. A. W. Patten, Mrs. Wm. Tucker, Mrs. Edward Miller, Mrs. Charles Wesson and Mrs. H. H. Griggs of Cleveland.

Miss Bertha Fulton of West Church street will entertain on Wednesday afternoon with bridge whist out of compliment to Miss Besse Willis of Washington C. H.

The Thursday afternoon bridge club will be entertained this week by Mrs. A. R. Piser of Hudson avenue.

Mrs. Walter Scott of Hudson avenue entertained informally on Monday evening, complimenting Mrs. A. E. Bond, who leaves soon for her future home in Cleveland. Bridge whist was enjoyed during the evening, and a dainty repast was served afterwards to the following guests: Mrs. Bond, Mr. and Mrs. A. B. Schaefer, Mr. and Mrs. Charles Wesson, Mr. and Mrs. W. H. Mazer, Miss Marie Clouse and Mr. and Mrs. Scott.

Mrs. Henry Rinehart entertained the Art Embroidery club at her home on Maple avenue, February twenty-three. Those that answered roll call were Mrs. Edward Woodward, Mrs. George Glauksinger, Mrs. William Mavor, Mrs. Charles Grill, Mrs. Milton Downing, Mrs. Harcher, Mrs. Arthur Heller, Mrs. C. M. Imhoff, Mrs. C. F. Parks, Mrs. Henry Rinehart, and the Misses Ura and Dess Rinehart.

Mrs. Clifford Roney will entertain the club at her home 430 Maple avenue on March ninth.

SKIN DISEASES READILY CURED BY A SIMPLE HOME TREATMENT.

Persons who are suffering from blackheads, pimples, dandruff, eczema, tetter, ring-worm, or any form of skin disease, often ask the question, "Is there a cure?"

Mr. T. J. Evans, the druggist, says "yes, there is a cure." ZEMO, a scientific, clean, liquid preparation for external use, gives prompt relief and permanently cures every form of skin and scalp disease. ZEMO draws the curia and poisons from underneath the skin to the surface and destroys them and in this way affects a complete cure of any form of skin or scalp disease, whether on infants or grown persons. Mr. T. J. Evans will show you proof of many remarkable cures made by ZEMO and will gladly explain to you how you can be cured by this clean, simple home treatment.

LIFE IS A PLAY; WE THE ACTORS

In theatrical parlance, Brady and Mahoney, vaudeville actors, have summed the problem of life. It is concluded in the language, characteristic of their profession. But each sentence is pointed. It is a happy summary, that begins with birth and is ended by death. It is optimistic not morbid; hopeful not discouraging. It should be read with interest.

"Life is a comedy drama and opens at birth to run for an indefinite period."

"We open at the old theatre, 'The Earth,' and are supposed to create our own parts, the importance of which depends on us."

"The props the theatre furnishes are fresh air and storm effects. Money and sunshine we must make for ourselves."

"We must try and make the play as bright and cheerful as possible for

there is too much pathos and tragedy in the old manuscript."

"Father Time is the stage manager and will shift the scenery."

"Resident Manager Death has the right to cancel any actor. Many good actors will be closed because of old age."

"Our part in the great drama, 'The Hereafter,' which most of us believe is yet to be produced, depends upon a Critic who will judge us fairly."

"Let us all hope for a long run and that the engagement won't end until we have played old man parts without a make-up."

Mrs. John Hopkins of Bradford, Pa., writes that she is entirely cured of a bad case of Eczema of many years' standing, by the use of Dr. Hale's Household Ointment. Clean, pure and wholesome and it permanently cures all skin troubles. At drug stores, 25c. and 50c., or direct from Keayon & Thomas Co., Adams, N. Y. At every Drug Store.

CARD OF THANKS.

While our hearts are overwhelmed with grief, yet we are not unmindful of the many acts of kindness shown us in our sad bereavement in the death of our dearly beloved wife, daughter and sister, Elizabeth Holler Stewart. We desire to express our sincere thanks to our many friends, relatives and neighbors, for their kindness and sympathy, also for the many beautiful floral tributes of respect, and we also wish to thank Rev. Vernon for his sympathy and kindness shown us in our deep sorrow; also for the beautiful sermon of consoling words; also Rev. Schmitt for his sermon at the house and at Cedar Hill cemetery; also the singers of the beautiful and appropriate hymns. By Her Loving Husband, Mother and Sister.

APPOINTMENT GIVEN TAYLOR
Well Known Democrat Succeeds Col. Curry as Claim Commissioner.
Colonel William A. Taylor, author, veteran newspaper man and well known Democrat of Columbus, yesterday was appointed commissioner of soldiers' claims by Governor Harmon, to succeed Colonel W. L. Curry, who resigned to become pension agent for Ohio today. Colonel Taylor will assume the duties of his new post from this morning. His salary will be \$2,000 a year.
Colonel Taylor's newspaper career began in 1867, when he became a part proprietor of the Columbus Democrat, now The Herald, later he transferred to the Columbus Post. He practiced law in Columbus, was elected prosecuting attorney and designed to become an editorial writer for the Columbus Post. In 1890, he was elected to the Ohio House of Representatives, where he served until 1894. He was then elected to the Ohio Senate, where he served until 1898. He was then elected to the Ohio House of Representatives, where he served until 1900. He was then elected to the Ohio Senate, where he served until 1904. He was then elected to the Ohio House of Representatives, where he served until 1908. He was then elected to the Ohio Senate, where he served until 1910.

By Our Formula
We produce in Hood's Sarsaparilla medicine record of cures of scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, loss of appetite, etc. The combination and proportions of the more than twenty different medicinal agents contained in Hood's Sarsaparilla are known only to ourselves, so there can be no substitute. This medicine makes healthy and strong the "Little Soldiers" in your blood—those corpuscles that fight the disease germs constantly attacking you.

FOOD PROBE ABOUT OVER
Republican Chairman Has Made It Farcical.
DODGED HARMON'S POINT
Tariff Side-Stepped, but Report Will Substantiate Governor Harmon's Plain Statement That Farmer Is Not to Blame For Nor Real Beneficiary of High Cost of Living—Side Lights on Ohio Legislature.
BY ORWELL C. RIDDLE.
Columbus, O., March 1.—The food probe committee is said to be already preparing its report, although it is not supposed to be near through with its investigation. Some of the larger cities in the state are to be visited. But the committee might fix up a report on what it is "probed" so far as easily as its chairman, Senator Williams, a Republican editor, has found it to write bulletins for political purposes instead of going to the root of the matter as urged by Governor Harmon, to ascertain what effect the Taft-Cannon-Aldrich tariff has upon the high cost of living.
Governor Harmon knew to begin with that a probe of high prices would show that the farmer not only is not to blame, but that he is not receiving his full share of the prevailing high prices, and said so in his message recommending an investigation. The governor said very plainly that there is too much difference between the prices paid to the producers and the prices paid by the consumers, but

DANIEL W. WILLIAMS, Republican Senator from Jackson County is Chairman of Food Probe Committee.

DEATH CAME WHILE ON DUTY
Mt. Vernon, March 1.—Remaining at his post of duty to the very end, death came instantly to Florence Sullivan, the veteran watchman at the Vine street crossing of the B. & O. railroad about 3:30 o'clock on Sunday afternoon. He was found dead in his little shanty near the crossing by Carlo Serpe, foreman of the B. & O. extra section gang. Mr. Sullivan's death was due to heart disease.
Mr. Sullivan flagged a usual for the north bound passenger train, which went through here at 2:42. He then went back into his shanty and so the exact hour at which his death occurred will probably never be known.
Florence Sullivan was 71 years of age and was born in County Cork, Ireland. He came to America at an early age and took up his residence in Mt. Vernon. For many years he was employed as foreman of the section gang in this city.

MASS MEETING
The Law and Order League will hold its monthly meeting at the High School auditorium on Thursday evening, March 3. The meeting will be addressed by Rev. Mr. Brooks, who has been conducting evangelistic services at the Church of Christ. In addition to this there will be short speeches on pertinent topics relative to the work of the league.
Music will be furnished by a chorus of combined boys of the city and by Mr. Lewis. We expect it to surpass the great meeting of last month addressed by Mr. Stewart.
Everybody is invited and we welcome every good citizen who desires to see a better state of affairs among men, their presence and support to these meetings.

"THE CANAL DELUSION"
Editor Advocate: In the editorial columns of last Friday's State Journal, a paper with which many of your readers are familiar, I find the following precious utterance:
"One of the strangest things in state affairs is the delusion of an Ohio Canal."
Has the editor of the State Journal lost sight of the fact—if he ever had sight on knowledge of it—that the Ohio Canal at one time yielded the State of Ohio a handsome revenue? Does he or does he not know enough to know that it would now be doing the same thing if it were not for the Baltimore and Ohio railroad?

SOLID EXPRESS TRAIN BETWEEN NEW YORK-ST. LOUIS
Baltimore, Md., 1.—For the purpose of facilitating the delivery of express matter received at New York late in the afternoon, and for points in the Southwest, the B. & O. railroad yesterday began operating a solid express train on a four schedule run between New York and St. Louis. The train will make much quicker time than similar trains heretofore operated between these two cities, and because of this the schedule will be compressed and the express cars of the United States Express Company, and make no stop except at division headquarters, where a change of locomotives. The new train left New York at 10:30 p. m. and will reach St. Louis at 10:30 a. m. Wednesday morning. The train will carry mail, express and passengers. It will be operated by the Baltimore and Ohio Railroad Company.

Sample Helps Frail Women
So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.
The first thing to do is to look to the state of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this result indigestion, flatulence, nervousness, and all the other ailments that attend a weak digestive system. But there is no use taking "female remedies" and things of that kind until you have started your bowels to moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness, etc., will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.
You can obtain a bottle of your drug for fifty cents or one dollar, and either way may be chosen to permanently cure you. Thousands of women keep it regularly in the house and will not leave it without it as it cures them so long and with such safety. Every member of the family, down to the youngest child, but if you have never used it take the advice of Dr. Caldwell's Syrup Pepsin. It is a free trial, and it is as they did, and then, for yourself, what it will do in your own case. That is, it will cure you, as it did them, and it is no joke.
Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For further request the doctor's address is Dr. W. R. Caldwell, 1,310 Caldwell building, Notticelle, Ill.

FIRST SPRING DAY ARRIVES
Here is a chance for the old saying to be proven, that "March comes in like a lion" will go out like a lamb, and vice versa. Tuesday morning early was about as foggy as could be imagined, but it was impossible for one to see half a block ahead, but when the sun came out the fog was dispelled and March first was the first spring day of 1910.
The bright sun and the dry sidewalks made walking a pleasure for the first time in many weeks and as a result many people were on the streets. The baseball fans began working overtime and fanning began to work on top all over the city, for with the coming of spring the Newark people turn naturally to baseball, and the knowledge that we will again have a team is a cheerful thought.

California via New Orleans
At this season of the year, a most delightful route. No snow, ice or freezing weather, and the very best service through Houston, San Antonio, El Paso, New Mexico and Arizona to Los Angeles and San Francisco. Electric Block Signal insures safety.

You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness, etc., will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.
You can obtain a bottle of your drug for fifty cents or one dollar, and either way may be chosen to permanently cure you. Thousands of women keep it regularly in the house and will not leave it without it as it cures them so long and with such safety. Every member of the family, down to the youngest child, but if you have never used it take the advice of Dr. Caldwell's Syrup Pepsin. It is a free trial, and it is as they did, and then, for yourself, what it will do in your own case. That is, it will cure you, as it did them, and it is no joke.
Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For further request the doctor's address is Dr. W. R. Caldwell, 1,310 Caldwell building, Notticelle, Ill.

FIRST SPRING DAY ARRIVES
Here is a chance for the old saying to be proven, that "March comes in like a lion" will go out like a lamb, and vice versa. Tuesday morning early was about as foggy as could be imagined, but it was impossible for one to see half a block ahead, but when the sun came out the fog was dispelled and March first was the first spring day of 1910.
The bright sun and the dry sidewalks made walking a pleasure for the first time in many weeks and as a result many people were on the streets. The baseball fans began working overtime and fanning began to work on top all over the city, for with the coming of spring the Newark people turn naturally to baseball, and the knowledge that we will again have a team is a cheerful thought.

AMUSEMENTS

THE STOCK COMPANY.

The Guy Stock Company opened a week's engagement at the Auditorium theater on Monday and played to a capacity house, and that they gave the best of satisfaction was shown by the vast amount of applause received.

The offering on Monday night was "The Pinner of Niles," a southern drama, and the company portrayed the events with an interest and earnestness. Mr. G. Carlton Guy, who plays the leads, exhausted the possibilities of his role, and made many friends on his first appearance here. Miss Eva Poole, who plays opposite him and promises to be a favorite.

The play was very nicely staged and several interesting specialties are introduced, but the big feature is "The Pinner of Niles," a southern drama, and the company portrayed the events with an interest and earnestness.

The Guy Stock company will be seen tonight in "The Pinner of Niles," and there will be daily matinees during the week, and on Friday afternoon a matinee of the company will be given at which the company will answer any questions asked.

PUFFY RUFFLES.

Florence Gear at the head of a big company of singers and dancers who have attained fame in the musical comedy world will be seen here at the Auditorium theater Tuesday evening, March 2. This is one of the feature attractions of the season and without doubt it will be one of the biggest things in a season of many big things.

THE SOUL KISS.

The engagement of "The Soul Kiss," the most sensational and successful of musical offerings produced in New York in many seasons, which comes to the Auditorium on Wednesday, March 3, for an engagement of one performance, will no doubt be termed the big theatrical event of the present season. "The Soul Kiss" is in two acts and ten scenes, with book and lyrics by Harry B. Smith and music by Maurice Leitch. The story of the piece is inoffensive and is more consistent than is generally the case with musical comedies. At least a dozen catchy numbers, each in their way a distinct novelty, are sung throughout the two acts of this dainty musical entertainment. In the role of "The Pinner of Niles," a southern drama, and the company portrayed the events with an interest and earnestness.

of funmakers have been engaged to interpret the different roles. "The Soul Kiss," besides having a famous dancer as its star, splendid musical numbers, a well trained and beautiful chorus, is a most pleasing production scenically.

THE ORPHEUM.

The bill at the Orpheum theater this week is attracting great crowds. It is headed by the Gypsy Serenaders, a company of six people in operatic singing. This company is just off the big vaudeville circuit and is one of the highest priced acts on the Orpheum circuit. Napoleon Dermont, cartoonist, is making a hit with his pictures, and Sydney Toledo, in his spectacular gymnastic display, still remains a favorite with Newark audiences. Jim London, eccentric comedian, is pleasing, and taken as a whole the bill is a very good one.

In connection with the strong list of acts during this week's engagement the management will put in a little extra that will not interfere with the regular performances at all, as they will take place after same. On Thursday night a pie eating contest will be held. Now perhaps many have seen this, but come out to this one and enjoy yourselves. Manager Fenberg has arranged with one of the local bakeries of the city to bake four large, juicy berry pies and already the contestants have entered, and to the first one eating his or her pie a prize will be given. Three cash prizes are offered.

Then on Friday evening another amateur contest will be given. Already the following names have been sent to the box office: Harrison Strong, dancer; Carrie Steel, recitation; Joe and Chas. Black, book dancers, and Young Stear and Clarence Farrell in a four round boxing exhibition. To the ladies and to those who have never seen a boxing exhibition this will be a treat as the boys will show all that is good in the manly art of boxing. On Saturday afternoon the little ones and all who attend will receive a candy souvenir. Seats are on sale in advance for all the above performances and it would be advisable to secure them early.

BROOKS REVIVAL TO CLOSE WEDNESDAY

Tonight is a special night in the Brooks-Lewis revival on Fourth street. All the new members are to occupy reserved seats in the center of the building. They will be greeted in some formal way by all the former members. The pastor, elders and deacons will extend the hand of fellowship to the new converts. Evangelist Brooks announced last night that it would be a scarce power to be forgotten, and invited everybody. There are 282 new members to date.

Last night was a rare night. A full house greeted the evangelists. The pictures were from original photographs and full of interest to the audience. Mr. Lewis sang "The Holy City," "O Lord, Remember Me," and "Day Dreams."

The revival will close Wednesday night. The evangelists go from here to Chattanooga, Tenn. From that place they go to Waco, Texas, then to Stuttgart, Ark., and then to Roanoke, Virginia.

The confidence man is the one person in the world who doesn't realize that we can get too much of a good thing.

'Time's Flight Turned Backward' SAGE AND SULPHUR Made Her Look Twenty Years Younger

READ MRS. HERRICK'S SWORN STATEMENT

STATE OF NEW YORK } ss
COUNTY OF MONROE }

ROCHESTER, N. Y.

Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long, dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was fast coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

Sworn to before me this 1st day of July, 1909.

MISSIONARY ADDRESS.

At the regular prayer and praise service to be held at the First M. E. church Wednesday evening, Rev. Mr. Sparks will give a review of the great revival in China as told by Bishop Lewis on his return from the Orient. Rev. Mr. Sparks heard Bishop Lewis while he was in the west recently and has a great message that will be very helpful to all persons interested in the layman's Missionary Movement that is attracting such world-wide attention.

Not only the membership of the church but all people at all interested in the world movement are invited to be present Wednesday evening at 7:30.

MRS. GITTER OF ZANESVILLE, O.
Writes Letter Which May Be of Great Interest to Skin Sufferers of This City.
Zanesville, Ohio.

Feb. 3, 1909.
My daughter suffered for more than two years with Eczema and during that time was treated by all the doctors around here receiving unsatisfactory results. Hearing that D. D. D. was a good Eczema remedy I gave it a trial and the use of the first bottle gave better results than we got from all the Prior treatment. We continued the use of D. D. D. until now her cure is complete. I can truthfully say that there is not a mark or trace of any kind on the child today and I recommend D. D. D. to any one suffering with Eczema.

Very Truly Yours,
Mrs. Gitter,
1162 Marietta St.
So many convincing statements, similar to the above, have been made to us privately by sufferers from aggravated skin diseases to whom we have sold the D. D. D. Prescription, that we feel bound to give it our unqualified endorsement. By special arrangement with the D. D. D. Company we can furnish anyone who has not tried the remedy with a special size bottle for 25 cents.

T. J. Evans Sells Begy's Mustardine for Neuralgia or Any of These Complaints.

Begy's Mustardine is better than mustard plaster, better than hot water bags—better than any foreign medicine, poultice or liniment for neuralgia, rheumatism, pain in chest or back, earache, headache, toothache, sore throat, coughs, colds, pain of side in any part of the body. Try it. It is so good that if it will do anything that a mustard plaster will do it will do it better. Begy's Mustardine is always ready for use, and should always be on hand. It is sold by T. J. Evans, who is a satisfied customer. It does not irritate the skin, and money will be returned.

Harry Alexander, Tired of Life, Drinks Carbolic Acid and Laudanum, and Dies.

Despondent of life, Harry Alexander, 34, of Newark, N. J., drank carbolic acid and laudanum, and died just as he was being rushed to the hospital.

Alexander had been in Newark for some time, and was known to his neighbors. He was a man of about 34 years of age, and was of medium build.

He was taken to the hospital, but he died before he could be treated. He was found by his mother, who was living in Newark.

work of the class was carried on under a special assistant.

In addition to the change to the open air, the children were supplied each day with morning and afternoon, with a glass of Horlick's malted milk, hot and as the result of the fresh air and the hot food-drink, the experiment proved a marvelous success. The children were brighter, and the average gain in weight in a month was over three pounds for the whole class.

In addition, the teachers noted with surprise the sudden gain in mental alertness, interest and voluntary effort of these formerly backward children.

ATONIC DYSPEPSIA

A FORM OF STOMACH TROUBLE RESULTING FROM DEBILITY.

Cured by Building Up the General Health of the System With a Tonic for the Blood and Nerves.

Do you know what "atonic dyspepsia" means? It is, perhaps, the commonest form of stomach trouble. Most people have had it, have it now or will have it some day.

It is caused by a lack of tone of the system, debilitated stomach, blood or nerves, for these three are intimately dependent on one another. Stomach trouble robs the blood of nourishment; thin blood means starved nerves, nervousness and neuralgia.

And it is precisely this interdependence of the stomach, blood and nerves that makes Dr. Williams' Pink Pills such a valuable home remedy. A blood builder and nerve tonic, they keep the stomach in perfect condition, provided it is not abused by improper diets.

Mrs. Martha Seaman, of No. 126 North Fifth street, La Crosse, Wis., owes her cure of stomach trouble to the tonic treatment. She says:

"A few years ago I suffered from stomach trouble, which came on me when I was in a run-down condition. I had severe cramps in the stomach, which oftentimes made me vomit. The pains would continue for several hours and I would have to go to bed. For a day or so following I would be so weak I could hardly walk. Gas formed on my stomach and I had palpitation of the heart. I was pale and thin."

"The doctor gave me but little relief so I decided to try Dr. Williams' Pink Pills. A few boxes helped me and I continued using them until cured. I have not been troubled with my stomach since. I have recommended Dr. Williams' Pink Pills to several of my friends and they speak in the highest terms of them."

The remedy that cured Mrs. Seaman is guaranteed to be free from opiates or harmful drugs.

Dr. Williams' Pink Pills have also cured such diseases as anemia, rheumatism, nervous debility, neuralgia and St. Vitus' dance.

A new edition of the booklet, "What to Eat and How to Eat," is free on request. Send a postal for it today and begin to cure yourself by following the directions it contains.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

INTERESTING DEBATE HELD

The Knights of Columbus at their meeting last night held a very interesting debate on the subject, "Should the Wood Working Mechanic be the Foremost Mechanic?" After about three-quarters of an hour debate the jury decided in favor of the affirmative. The sides were: R. O. Martin and L. A. Reagan, affirmative; Harry Shields and Wm. Sax, negative.

In the course of discussion it was shown that without the woodworker it was impossible for the steel mechanic to come in existence. Also how the woodworker was in evidence everywhere. The subject was discussed most thoroughly.

Saved a Soldier's Life. Passing death from shot and shell in the civil war was more agreeable to A. A. Stone, of Kemp, Texas, than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed into a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 175 pounds." For Cough, Colds, Grippe, Asthma, Hoarseness, Hoarseness, Croup, Whooping Cough and Lung trouble, it's supreme. 50c, \$1.00, Trial bottle free. Guaranteed by F. D. Hall.

Robert George, who for the past four years has filled the office of engineer of the leading plant in the court house, and Mr. Tony Wolfe, who has served very efficiently for some time as janitor of the court house, both retired Tuesday and were all headed off by H. M. Watson, as chairman, and John Bales as janitor. They had always been the most kindly feeling toward the court house staff and the retiring officers and janitor, and on Tuesday morning the former manifested their appreciation of the retiring engineer and janitor by presenting them with a handsome check for \$100.00, a sum which was a most generous gift.
